

OCTOBER NEWS LETTER

PREZ NOTES..

Hi all, the year is going fast. We are trying out the upstairs for our meetings and will see if we want to stay up there or go back down stairs. Christmas party plans are going forward. Keep up on them as they complete. Some interesting programs are in the works for our meetings, as Inga has been doing a lot of searches. Help her out with what you would like to have as a program. Another idea is, do you have a program that YOU can do/ See you Sunday the 19th. By the way, I just added this specimen to my collection. If you are visiting, be aware there are no chairs to sit. Had to get rid of them for the new piece. Oh, and the hole in the ceiling lets it into the bedroom a little.

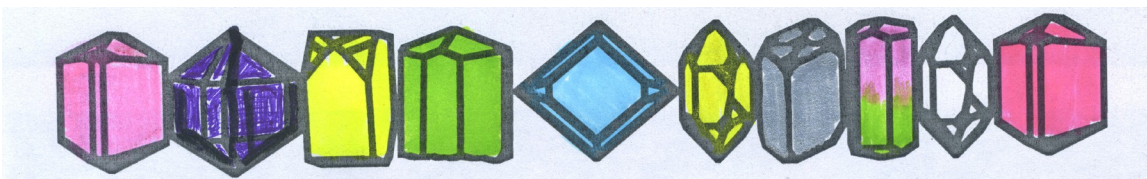

VP NOTES

Che-Hanna Rock and Mineral Club will meet on Sunday, October 19 at the Athens United Methodist Church, 118 S. Main St. We are still planning on meeting in Bethel Hall, so use the ramp door in back of the church. If the meeting will be switched back to Senior Citizen Center downstairs, we will send an email out.

Pebble Pups will meet at 1:00 P.M. Carter requested to learn more about our local Native American population, so that is what we are doing. At 2:00 P.M., Dr. Jennifer Peteya from the Bloomsburg University will present a very fascinating program on fossil feathers and hair. Her research into the pigments of color molecules helped paleontologists discover what color certain dinosaurs displayed. How cool is that! There will be coffee and water to drink, bring snacks to share.

Inga is making a request for the budget meeting in November that in the new budget, there will be money allocated to buy refreshments for our monthly meetings, perhaps a fruit and veggie tray along with all of the cookies and brownies club members bring. Most clubs in our area are doing this to provide a healthier snacking opportunity.

SUNSHINE

Hope you all are enjoying this beautiful weather. Can't complain, but it will change.

Get well to Mar after his recent medical issue. Hope he's recovering well.

Get well to Ted Reith. He's coming along quite well from his recent back surgery. No pain. He had the surgery, went to rehab and now is doing rehab at his brother's home in Delaware. Hopes to come home soon.

Hope Janet is feeling better. She's been having medical issues for quite some time and hope she's coming along much better.

Keep these folks and anyone else in your thoughts and prayers.

Happy Anniversary and Happy Anniversary to anyone who celebrates in the month of October. Hope you all have a pleasant day.

Hope to see you at the next meeting, October 19th, at the Methodist Church in Athens.

Seems like there will be a good program presented. Open to the public. Meeting at 6:30 p.m.

Take care to all and stay well.

JoAnn
